JIRANAT PATTANASINTARA

Developer

About Me

I am a Fullstack developer with 2 years of experience, initially focusing on WordPress development but expanding my expertise in both front-end and back-end technologies. While I have primarily worked on front-end tasks, I am proficient in building full-scale applications using Next.js and integrating databases like PostgreSQL. My strong time management skills and attention to detail have allowed me to handle projects effectively. I am passionate about working on meaningful projects that bring value to users and organizations.
